During the past few weeks we have been very gratified by the many kind things you have said about the Sierra Madre NEWS. We are of the old-fashioned variety of publishers who still believe that names make news. Your wonderful response to the larger papers we have been publishing recently is an indication that there is no dearth of interesting news material in this vicinity, and certainly no lack of appreciation on your part. One of the most refreshing things to be heard in our office last week came when a woman picked up the paper and said: "Oh my, I must have picked up two." Our Verna Lumbard assured her that she had not... that the paper was just a little faster.

The effect of television on the minds of children is a subject which is giving educators and parents alike some frightening moments. Space does not permit the discussion of this weighty problem here, however. It is interesting to note in passing, though, that the buying habits of the nation are being tremendously influenced by the small fry which now comprise a whole new buying public.

The other day our 4-year-old daughter accompanied us to the market, and what a time ensued! Among the items she insisted upon buying were "Howdy Doodly" pudding, Skippy peanut butter, corn flakes with the mask on the package, Three Musketeer candy. She flew from one display to the other with all of the zeal of a woman bargain hunting in Macy's basement. She said the man on the television told her to buy all of these things the next time she visited the market and she was trying to be a good girl and to do as he wished.

Around
the Square

By VERNA H. LUMBARD

WHO says Sierra Madre is losing its small town charm? Where else would they blow the fire horn to get the attention of a police officer who also happens to be the fire chief? Jim Heasley, out on patrol, had just hung up after phoning Police Chief McMillan the other day when the Chief got a report of an automobile-bicycle accident. Knowing Jim was momentarily out of touch by police radio, the chief thought quickly, then gave two short blasts on the fire horn, the business district fire signal.

Heads popped out of stores and offices in the Square and on Sierra Madre Blvd. and out of nowhere a score of eager little boys materialized to wait for the fire engine to dash out of the fire house. The LITTLE boys were disappointed when the "NO FIRE" sign appeared.

Meanwhile, who got to the scene of the accident just before Jim Heasley did? Police Officer Bob Heasley who was off duty and on his way to town to get a hair cut.

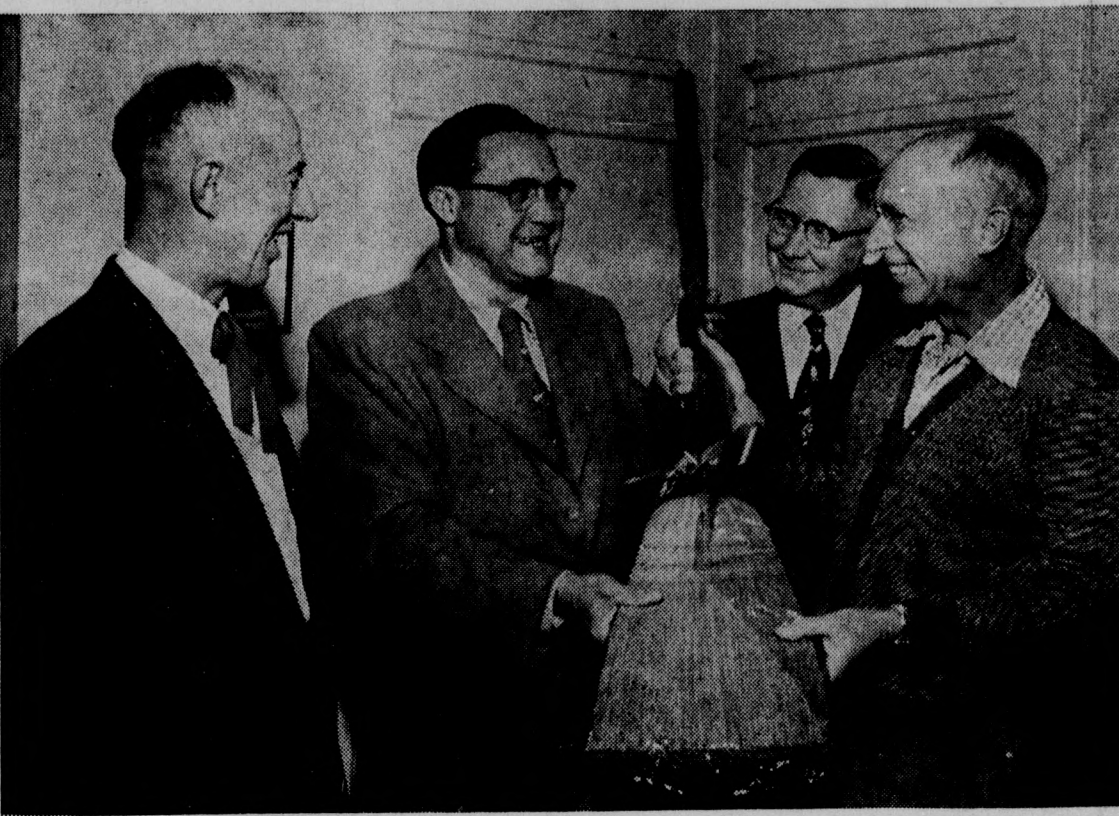

We staggered under the weight of our years when we read a release announcing Burton Holmes Travelogues on consecutive Tuesday nights through Oct. 27 in Pasadena Civic auditorium.

BURTON HOLMES! Perhaps our memory doesn't serve us well but wasn't there gray in the hair of that distinguished man more than 30 years ago when we and our little brother were deposited quite frequently at the Presbyterian church in Gary, Ind., to have our education improved (it was hoped) by means of Holmes Travelogues.

Could be. This is the 60th anniversary of the Burton Holmes Travelogue presentations.

The City Council PTA is starting all over again to find new names for the schools, the present one and the addition soon to be built. It was attempted a short time ago but the school board tossed out the few suggestions received because they all sounded like cemeteries.

You know, "Mountain View" and all like that!

CITY FATHERS TOOK BRIEF time out last week to present a new broom to a protesting taxpayer who claimed he has worn out one broom keeping part of Elm street clean instead of the City's new motor sweeper. Pictured (left to right), Councilmen Charles E. Louk and Harold F. Roberts, City Administrator R. Merritt Baker and the recipient of the broom, Col. C. R. Gildart. Apropos of what the colonel claimed was his "39th" birthday, the others exercised diplomacy beyond the call of duty and sang "Happy Birthday" without disputing the age which Gildart shares with one J. Benny.

Business Man Heads C. of C.

Donald H. Jackson, president of the newly-formed Sierra Madre Chamber of Commerce, is an appropriate choice for that position.

A life-long resident of the city, he also has been prominent in business and municipal affairs as owner for the past seven years of the Don Jackson Store for Men and as a former City councilman.

He is the son of the late Dr. Edward Loren Jackson, who practiced medicine here for 25 years, and of Mrs. Gladys M. Jackson, 55 N. Auburn. He attended the City Elementary school, Pasadena and Los Angeles schools and, for one year, the University of Southern California.

Jackson was discharged from the Marine Corps as a master gunnery sergeant after serving four years in the Pacific theater. In 1947 and 1948 he served

D. H. JACKSON on the Sierra Madre City Council.

He and his wife, the former Edythe Frisby of Sierra Madre, and their children, Dorothy, Richard and Donald H. II, live at 470 W. Sierra Madre Blvd.

Local Man in Court Today
On Wife, Child Beating

Bill Roy Brown, age 24, 536 Ramona, was to appear in Pasadena Municipal court this morning for preliminary hearing on two counts each of wife and child beating and of using force likely to produce great bodily injury.

Brown was arrested late Saturday afternoon by Sgt. H. S. Embree and Police Officer James Heasley after they were called to the Ramona street address by Mr. and Mrs. Gotfred Jacobson, 536 Ramona, owners

TV Sabotage
Studied By
Deputy Sheriff

Sabotaging of the Meyer TV master antenna system has continued in past weeks and the matter is under investigation by the sheriff's office.

A month ago the mast, located above Chantry Flats at the Forest Service helicopter landing, was smashed and 50 subscribers were without service for six hours or so. Since then the lead-in wire at Bella Vista Courts, Sturtevant and Mountain Trail, was cut.

On Oct. 14, between 5:30 and 6 p.m., according to a Meyer TV spokesman, the 6200-foot wire of the master system was cut with pliers at the antenna site and another cut 800 feet down at the No. 5 post might have been overlooked except for an alert technician.

The cut wire at the point had been ingeniously bent back into position so that it might have escaped notice and not been repaired.

Appeal Made for Piano
In City Parkhouse

A number of the organizations which use the City Parkhouse have expressed to the Sierra Madre Coordinating council the need for a piano there.

Anyone have an old upright they'd like to donate for this purpose? If so, contact Mrs. Paul Campion of the council.

Mrs. James H. Dean
Local Unit Head for
Amer. Cancer Society

New American Cancer Society unit chairman for Sierra Madre this year is Mrs. James Harvey Dean. She will supervise all A.C.S. activities in the community as chairman of the Sierra Madre unit. Outlines of the year's plans for each A.C.S. unit will be discussed today at a meeting of the Pasadena-Foothill area chairmen.

ERC, Family
Service Make
Plan Reports

Plans for a proposed youth activities program were considered at a recent meeting of the Coordinating council and will be further considered at the next meeting on Nov. 3 in the Woman's clubhouse.

Walter Goodwin presided. Reports on the Community Fund campaign which opens Monday, Oct. 26, and on activities of the Educational Research committee and Family Service, were submitted.

The spokesman for the ERC stated that the group wishes to continue as an organization but proposes a division into Study groups. Delbert Haskell spoke for Family Service, Inc., which, however, is no longer a member of the Coordinating council.

Haskell reported that the counseling agency estimates its expenses for 1953-54 to be about \$600 and is seeking that amount from the Community Fund. Family Service offers counsel on family adjustments, children's problems and so forth.

David H. Allen, chairman, reported on the \$7500 goal of the 1953 Community Fund campaign.

Bruce Martin of the Monrovia district YMCA announced "Y" Day planned for Oct. 31 in Hollywood which is open to anyone between the ages of six and sixty.

Midget Football Shaky...

But Parents Step in to Preserve Program

A flock of Pasadena area football hopefuls, the gridiron stars of tomorrow, had their hopes for the fall season dashed, but good, recently when their coach and adviser ran afoul of the law on a bad check count.

However, Kenneth Pickett of Sierra Madre is one of a group of parents who stepped in quickly and saved the day—and the "Midget" football program.

Hold Two Meetings

They met Oct. 16 at Victory Park to formulate plans for preserving the badly shaken program, and met again the following day to take such action as severing connection with any of the left-over responsibilities of the former leadership and to seek affiliation with the Pop Warner

Football conference, similar to the Little League in baseball. Sierra Madre boys already active in the Midget Football program are Gary Pickett, Buddy Davis, Bud Green and Gary Cass. Other boys, as well as parents and organizations interested in the aims and plans for the program may get further information from Pickett who lives at 200 W. Grandview.

Says It's Thing
"Organized sports is THE only thing for kids in this congested area," Pickett stated.

The aim of the temporary committee has been set forth as follows: To carry on the football activities in hope of securing sponsors and giving the boys of this district the opportunities and advantages of learning football fundamentals, good sportsmanship and character development, while assuming none of the responsibilities of the former organizer.

Board Names
New School
'Sierra Mesa'Valois Says No Plans
To Unite with Pasadena

"Sierra Mesa" will be the name of the new \$242,000 elementary school to be built soon at Highland and Canon, the school board of trustees decided at a meeting Tuesday night. The name is a combination of the two suggested by classes in the present elementary school.

Selection of a name for the proposed school was hastened along so that it can identify the plans and drawings. The City Elementary school also will be re-named in the near future.

Valois Makes Statement

Dr. Milton W. Valois, who heads the school board, stated clearly the board's position regarding unification of the Sierra Madre and Pasadena school systems.

Dr. Valois said: "The board of trustees of the Sierra Madre school district has never indicated any intention of unifying with the Pasadena school system nor has any desire to do so been expressed to the board by the parents of Sierra Madre children. The privilege of being allowed to attend Pasadena secondary schools is appreciated and no change in this status is contemplated at present by the Sierra Madre board."

The statement from the board came in the wake of publicity in Pasadena recently predicting Sierra Madre school affiliation with Pasadena.

Petitioners Want Trees

The board considered Tuesday night a petition signed by eight of the nine owners of property adjacent to the northern boundary of the present school site. The residents asked the privilege of purchasing a strip of land between the properties in order to have in their care a row of fir trees. The residents' homes face on Laurel. The trees and strip of land are between the rear of their properties and the school property.

The petitioners will receive acknowledgment from the board which is considering the proposal favorably but wants to know the feeling of the ninth property owner whose signature did not appear on the petition.

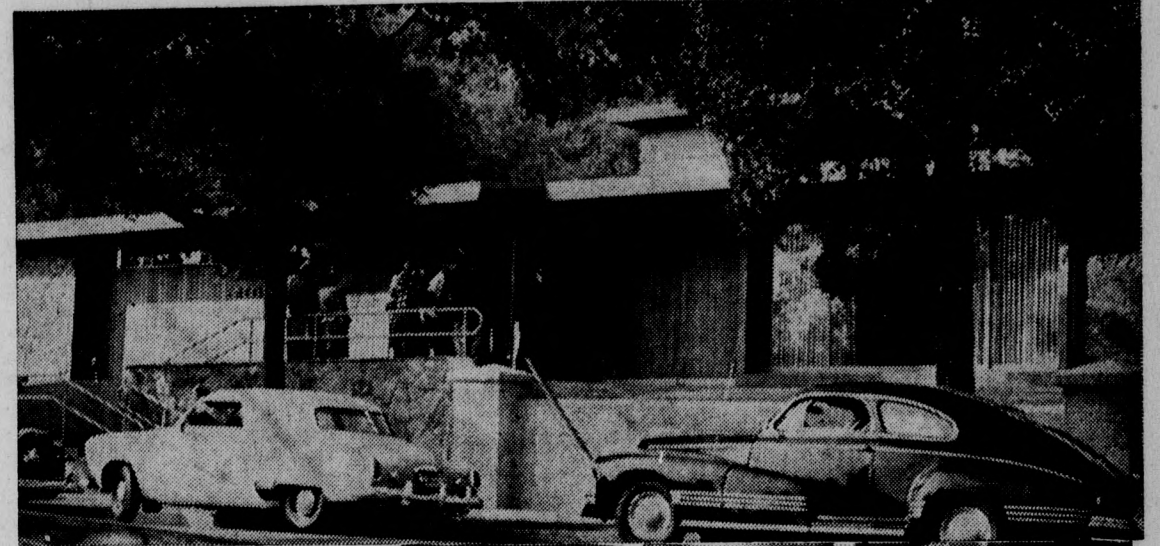

Present at the board meeting were Valois, Howell N. White, Mrs. Stanley Coutant, Miss Betty Newton, acting principal, Mrs. Florence Nielsen and Elliot Ellenson.

Lions to See Film
Tonight on Alaska

A color travel film of Alaska will be shown tonight for members of the Lions club attending the dinner-meeting in the Woman's clubhouse. Dan Wilson is program chairman for the evening.

Last week Sterling Ripple was program chairman and provided a film showing speed boat racing on Puget Sound.

Plans will be discussed tonight for the Lions-sponsored annual essay contest for pupils in the fifth through the eighth grades. The subject this year will be, "What the Constitution Means to Me."

AN ESTIMATED 1300 persons attended open house Sunday at the new Sierra Madre Medical Center, 245 W. Sierra Madre Blvd., (above): Dr. George W. Groth Jr., who heads the medical staff, his wife, and other members of the staff and their families, were hosts to the community. Opening of the Center fulfills the dream of the junior Dr. Groth whose father, also a member of the staff, has practiced medicine here for 39 years.

AT RIGHT: Some of the open house guests who toured the building and were served punch and cookies.

LOWER RIGHT: Dr. Groth Jr., (center) explains to Knox Hagar (left), Kiwanis club president, and Larry C. Lomax, business administrator, the latest type X-ray equipment.

The Center was abloom with flowers and plants, all expressing the good wishes of the Center's associates and the community in general. Many of the plants will be used in planters outside and within the building.

NANE Names
Mrs. Green to
Gov'ing Board

In recognition of outstanding work in nursery school education, Mrs. Marjorie Green, director of the Sierra Madre Community Nursery school, has been elected to the governing board of the National Association for Nursery Education.

She becomes one of two West Coast members on the board. Miss Byrl Campbell of San Diego State college is the other member.

Mrs. Green will leave Monday night, Oct. 26, for Minneapolis, Minn., with Dr. Elizabeth L. Woods who is vice-president of N.A.N.E. and a member of the Professional Advisory council of the Sierra Madre Community Nursery School association. They will attend meetings of the governing board on Oct. 27 and 28. Mrs. Green also is being sent by the Nursery school association to attend the national conference immediately following on Oct. 29-31.

The conference will be composed of persons who are interested in or are working with children below school age in the fields of teacher training and in parent education.

Report Slow Progress
In Getting Signatures
On Parking Petitions

Local business people are assisting A. E. Morgan, Parking committee chairman, in circulating petitions requesting formation of a Parking district for Sierra Madre. They are Virginia Sayles, Mrs. Harold F. Roberts and Thomas M. Schwartz.

It was hoped that progress would be such that off-street parking would be provided for Sierra Madre shoppers in time for Christmas buying. This now seems unlikely, Morgan reports.

A total of 67 property owners, whose properties are adjacent to the three proposed business area parking sites, must be contacted. A Parking district will be called for provided sufficient signatures are obtained to represent 51 per cent of frontage in the proposed Parking district.

PLANNERS MEET TONIGHT

Second hearing on a zone change and consideration of several proposed lot splits and tree removal requests will be taken up at a meeting tonight of the City Planning Commission scheduled for 8 o'clock in the City Hall.

Community Fund Seeks
\$7500 in '53 Drive

The 1953 Community Fund goal in Sierra Madre is \$7500, an increase of \$1500 over that of last year.

The increase is necessitated, according to David H. Allen, chairman, by a considerable rise in the Girl Scouts budget requirements, a slight increase in the Boy Scouts needed funds and the inclusion of Family Service this year for the first time.

A meeting of the Community Fund workers, representing all

the member agencies, will be held for last minute briefing at 10 a.m., Saturday, Oct. 24, in the City Hall.

The mail appeal for the Community Fund will go out to Sierra Madre residents this week. The Community Fund in Sierra Madre is sponsored by the Kiwanis Club with the assistance of the benefiting organizations. With the exception of dues approximating \$35 which are paid to the Community Chests and Councils of America, all funds raised will remain in Sierra Madre, Allen points out.

The campaign opens officially on Monday, Oct. 26, and will continue through Nov. 7 by which time it is anticipated the goal will be reached.

Member agencies are: Toy Loan, Campfire Girls, Girl Scouts, Boy Scouts, Visiting Nurse Ass'n., YMCA, Community Nursery school and Family Service.

Supervisors Set
Oct. 23 as US Day

Los Angeles County supervisors have proclaimed tomorrow, Oct. 23, as United States Day and have urged citizens to display the American flag on that day.

Proposing the action were the American Flag Committee and the Keep America Committee as "a token that the United States is still united and that our honored dead have not died in vain."

Spokesmen for the two committees stated that "America is beset by enemies from without and within" and "it is imperative that loyal citizens make some outward and visible signs of loyalty."

Good Old Days Reunion Theme

Reminiscing about the "good old days" of Sierra Madre will be in full swing when the Historical Society holds its annual reunion dinner Nov. 7 at the Woman's Club.

The program isn't set definitely, C. W. Jones, president, reports but aside from announcing the speaker the theme is bound to be the same when old friends and old timers get together for such a reunion.

Initial plans for the dinner were discussed when the society's executive board met recently. Present were Jones, Miss Martha C. Pritchard, Miss Daisy Hawks, Mrs. John C. Hart, Maybelle Caley Barker, Mrs. Etta Leguin, Webster Vannier, Raymond Andrews and Convers Twycross.

The Historical Society was formally organized in 1931, an outgrowth of a group which had been meeting prior to that time to hear papers on the city's early history.

United Nations Week

The current observance of United Nations Week puts the spotlight of evaluation on the accomplishments of this international organization in its eight years.

While it has not fulfilled all that was hoped for back in 1945, we feel with President Eisenhower that, regardless of its faults, it is our best hope for world peace.

Emphasis has been placed too strongly on what the United Nations has not done and too little on what it has done. The facts speak for themselves: it was instrumental in getting Soviet troops out of Iran in 1946, helped end the war in Indonesia, brought about an armistice between Israel and Arab states and presented the first international armed resistance to aggression in the Korean War.

Medical aid and providing of food for millions throughout the world as well as efforts to overcome illiteracy . . . these are some of the less noted but highly vital activities of the U. N.

Getting rid of the U. N. would not save the world. Preserving it offers that hope. While there are lots of things about the organization that need changing, let the emphasis be on the changes not on its destruction.

FIRE FLAMES

By JAMES HEASLEY

There was some note of the "quietness" of our observance of Fire Prevention Week.

Well—we have our own ideas about the matter. There is an old one that said, "Don't disturb the sleeping lion," or sum'n like that. That's exactly why we are hesitant about making a big hullabaloo about fire to those who halfway suspect of wanting that type of excitement. Anyway, we have had another very successful year and whatever may be the reason—we of the fire department want to do everything possible to repeat for the coming year. Better still—we expect an even lower fire loss.

The fire consciousness of Sierra Madre residents is noteworthy. Firemen of other regions have heard of the cooperation with the fire department. That alone is of great value in keeping down fires. Seldom do we have opposition to our suggestions as to fire safety and the affability aids much in keeping good spirits among the members of the company. It is very gratifying to know that those for whom you are working fully appreciate the efforts.

There are new residents who do not realize that their firemen are all volunteers who work daily at their respective employment. The response to fires has been wonderful. These men know that a fire can gain so much headway that homes and lives can be lost.

We want to prevent that and therefore repeat that it is necessary for residents to be alert to fire danger.

Make EVERY day a fire prevention day. It's "stopping fire

Charles A. Skutts on World Tour Write from Hong Kong

(Charles A. Skutts, superintendent of Sierra Madre Elementary school, and Mrs. Skutts are taking a world tour. Following is a letter they have written the NEWS describing one of the phases of their trip.—Ed.)

Hong Kong, Sept. 28, 1953

There was some excitement on leaving Tokyo. One half hour out (by plane) engine No. 1 developed turbo jet trouble and we turned back! North-west Air Lines secured a suite of rooms for us at the Imperial hotel and paid for our dinner and breakfast there as well. It was a beautiful moonlit night—two days before the typhoon hit!

Manila brought the war back to us. Sunken ships—some upper decks and masts showing—a complete hull—in the bay and wrecks washed and piled up on the breakwater. Bombed out cathedrals with families sheltering in the holes left by damage done. Only the beer works escaped damage from both Japanese and American

bombing.

We motored 40 miles to Tagayay Ridge where our paratroops first landed on returning to Manila. Below was Taal lake—and a volcanic lake within a lake (on an island). Beyond was the China Sea and to the left the Pacific and Manila Bay. We enjoyed a picnic there with two carabao resting nearby (siesta time is 12 to 2) and four ragged little children and four rangy dogs looking on. There were swings for our nieces and a vacated dance pavilion for adults. Two women walked by carrying huge baskets on their heads.

Filipino papers are all agog about their November elections and even university presidents and educators are being asked to take sides—but they are being cagey. The U. S. is accused of interfering and, of course, we all want to see Magaysay elected but OFFICIALLY United States has nothing to say.

On now to Hong Kong and Bangkok via Pan American Air lines and they treat us well.

THE SKUTTS

before it gets started" that counts. We'd rather have less fires and fewer calls than the excitement of fighting flames.

When the report of the convention delegates was made it was learned that former Mayor (and ex-fireman) "Shorty" Steinberger accompanied them. Having him along erased all possibilities of dullness during the long trip by auto. His ability to present subjects of discussion that provoke differences of opinion has not waned. There were no quiet moments!

The long trip to Santa Rosa for convention with George Norris driving and "Milt" Steinberger along for the ride was anything but solid comfort for us. This particular writer enjoys leaning back against the seat and slumbering. The constant boasting about his wonderful car made Norris somewhat of a pest while the aggravating opinions of the former mayor called for a lot of firm corrections from the chief.

Actually, the whole trip was of value to all concerned.

"Bobby" Clark must appear five minutes before the next regular meeting or his membership is in jeopardy. Unintentionally, Bobby failed to show up at the last regular session, his third miss. To miss three is fatal.

The attendance at meetings continues to be good—BUT—there are a few who miss occasionally. And that hurts the attendance record that for so many years was close to perfect.

It is hereby suggested that the wives of firemen be informed that Friday evenings are for the fire department.

Dwight H. Eisenhower, addressing Pan-American Union: "It is not possible for this hemisphere to seek security or salvation in any kind of splendid isolation."

No Pink Pork, Health Officer Warns Public

ROY O. GILBERT, M.D., Los Angeles County Health Officer

Trichinosis, a malady caused by eating infected pork, has the peculiar distinction of being the only communicable disease more prevalent in the United States than in any other country in the world.

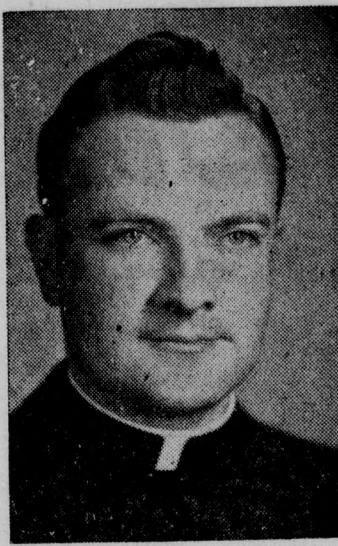

It is estimated that 16,000 detectable cases of human trichinosis actually occur in this country every year although only about 400 are officially reported. It was also disclosed that somewhere in the neighborhood of 25,000,000 people (one in every six) are infected with these parasites. All of this could be avoided by thorough cooking of the meat.

Cause of Disorder

This disorder is caused by a microscopic roundworm (Trichinella spiralis) which is liberated in the stomach or intestines during digestion unless killed in cooking or in the curing and freezing processes which are employed in treating hams and certain other pork products.

The fatality rate from trichinosis is generally about five per cent although in some known outbreaks it has averaged as high as 10 per cent.

Since the disease has symptoms common to many other maladies, trichinosis is very difficult for the physician to diagnose. It has been confused with a host of other ailments ranging from arthritis to typhoid fever and not infrequently it is mistaken for heart disease. Once the parasites are lodged within the body, no medications can get rid of them.

ORDAINED to the Episcopal priesthood today is the Rev. Stephen J. Dibble, above, assistant to the rector of the Church of the Ascension. Officiating at this morning's ceremony is the Rt. Rev. Francis Eric Bloy, bishop of the Episcopal Diocese of Los Angeles. Assisting are clerical associates and friends of Father Dibble. A reception in the parish house following the ceremony will honor Bishop Bloy and the new priest.

GARDEN NOTEBOOK

Ever have a yen to grow lemons in your garden or on your patio?

California nurserymen say it's easier than you think. Utilizing dwarf citrus trees—a comparatively new development that most nurseries have available in five-gallon and larger containers—it is actually possible for home-gardeners to produce crops that rival those of conventional size trees in both flavor and abundance. And this holds true for most parts of California—not just in the sunny citrus belts. All that is required is a warm sunny exposure.

Of the varieties of dwarf citrus available—orange, grapefruit, lemon and lime—the average gardener will probably derive most satisfaction from the dwarf lemon, since it requires less heat than the dwarf orange or grapefruit.

Have Pungent Foliage
Dwarfs are merely pint-size reproductions of larger trees—with pungent foliage, fragrant flowers and fruit—and require much the same optimum of heat. However, utilitarian size permits them to "take fullest advantage of whatever heat can be captured and reflected. Of all fruit trees, the dwarf citrus ranks as the most tolerant of soil conditions and as one of the most beautiful garden evergreens. They may be planted all year round and will grow in loam, heavy adobe, or even gravel soil.

Like all citrus, however, dwarfs have very particular watering requirements. They do not thrive on watering schedules suitable for most garden ornaments, so it's practically imperative that you know often and how thoroughly dwarf citrus should be watered in your locale before you plant.

Heat Basis of Growth
In every case a short dry period between irrigations is important. Heat is the basis of citrus growth, and root development will be definitely impaired if the soil is too constantly damp and cool.

As citrus hardens and becomes dormant during severe winter periods, dwarfs do well planted alone or with ground covers such as lantana or helianthemum which have the same watering requirements. During cold periods, gardeners are cautioned to withhold fertilization and watering in order to prolong the dormancy period. The beauty of all varieties of dwarf citrus is that they can be adapted to any size garden, patio or lanai.

Man of Many Virtues Sought by Demos to Run for Assemblyman

By LEE SHIPPEY

The Democratic council of the 48th Assembly District is looking for an honest, able, likeable, hard-working man who is eager to work hard for \$3500 a year.

In short, the council is searching for a candidate for Assemblyman, and would be especially pleased to find such a paragon as it is seeking in this area.

"The eastern end of this district has not received the attention it deserves because of the many able and admirable members of both parties here," is the way Newell Barrett of Sierra Madre, chairman of the council, put it. "The council is organized, with representatives of clubs serving Sierra Madre, Hastings Ranch, East Pasadena, Altadena, La Canada, La Crescenta and Montrose, for the purpose of inducing admirable citizens to run and to give them support."

"We feel," Barrett continues,

Personnel Chosen for New Cub Pack 3 of Congr. Church

A new Cub Scout Pack for Sierra Madre, Pack 3, completed its organization Sunday night at the final meeting in a series of three, in the Congregational church, which is sponsoring the pack.

The group of parents selected the following leadership-advisory personnel: Erich Wittig, Cubmaster; Robert W. Beeher, assistant Cubmaster; George P. Zehal and Mac A. Cason, Pack committee chairman and alternate chairman, respectively; E. V. Toms, Howell N. White, Jr., Adolph E. Thorne, Udell Schmitz and E. J. Dauben, Pack committee, and Lewis C. McClelland, institutional representative.

Set Two Meetings

The initial meeting of the Pack committee with Den Mothers and Cubmasters will be held at 8 p. m., Nov. 12, at the Erich Wittig home, 165 W. Grandview. Plans will be made then for setting up several dens and for the first Pack meeting to be held at 7:30 p. m., Friday, Nov. 20, at the Congregational church.

Pack meetings will be held thereafter on the third Friday of each month in the church.

According to Lewis McClelland, who also is institutional representative for other Scout units sponsored by the church, the formation of the new Pack makes the Congregational church the only sponsor in the Mt. Wilson District with a complete "family" of three Scout units. Included are: Scout Troop 11, which is more than 30 years old; Troop 3, 10 years old; Explorer Post 31, a year old, and the new Cub Pack, giving the church actually four units.

Plan Training Course

A daytim training course for Den Mothers will be given at the Youth hut in Sierra Madre in January. Several mothers are now taking the course out of the city but McClelland stresses the need of additional leaders because of the heavy enrollment of Cubs expected.

The Pack was formed by a group of interested parents who met at the church for that purpose at the invitation of the Rev. Mr. Carl Smith, minister. A series of three weekly meetings concluded Sunday night was led by Davis, assistant Scout council executive.

Campfire Log

Officers were elected at a recent meeting of the Horizon club, high school group, at a meeting at Blyth Gentry's home, and the hostess was named president.

Other officers include: Sarah Carver, vice-president; Audrey Wilson, treasurer; Eloise Velasquez, secretary; Diane Day, scribe, and Eileen Snell, refreshments chairman. The girls also discussed plans for activities during the year. Those interested in information about joining may call Diane Day, CU. 5-1271.

Family Checkbook Portland's Choice For Rose Parade

"Famous Books in Flowers" is the 1954 Tournament of Roses theme and the City of Portland announced its float would depict one of the most famous books of all—the family checkbook.

This was revealed today by Myron Thomas, chairman of the Tournament's float entry committee, who reported that 57 of the 60 floats to be paraded New Year's day had indicated their themes. Sierra Madre's float entry will depict a scene from "Treasure Island."

The design has been completed by local artist Alfred J. Dewey. Further humor in float themes was suggested when the City of Hawthorne reported its selection of the "Family Album" and Market Basket adopted the "Cook Book."

Comic floral designs and scene creations were also implied by float designers in their selections of such themes as "Simple Simon and the Pie Man," "Celebrated Jumping Frog," "Pinnocchio" and "Jack and the Bean Stalk."

Here's Letter That Won New Broom for Col. C. R. Gildart

(The following letter afforded the City Council a few chuckles and resulted in a brand new broom for the letter-writer. We think our readers will enjoy it, too.—Ed.)

Oct. 10, 1953

The Honorable Council
City of Sierra Madre
California

Dear Sirs:

It is requested, that I be issued, at city expense, a new broom.

My own broom, purchased from private funds, has finally worn out after two loyal years in the public service cleaning Elm street.

I am sure you will agree to this proposal, which seems eminently fair to me, in view of the fact that I ask no monetary reimbursement nor rebate in taxes for the cost of my labor expended on this public spirited enterprise.

Deserves Top Rates
Even inexperienced street sweepers in these times probably get about 10 dollars per hour, which might be a fair price for my first year of street sweeping but since that time I feel I have graduated from the apprentice class, where I am a very accomplished street sweeper, and my hourly rate should be double that amount.

If the councilman in charge of streets will inspect my frontage on Elm street after I have given it one of my semi-monthly cleanings, I am sure he will find that he would be able to send his photogenic motor sweeper over it without being able to pick up a single cleaner petal providing the whereabouts of that vehicle are still known to the city.

Deducts Compost Value
The labor costs, were I to make this charge, would thus be in the neighborhood of \$375, from which I would deduct the sum of \$25 for the value of the compost produced, making the amount of the gift to the city in the form of labor a round \$350.

As a new broom would cost the city less than \$2, the reasonableness of my petition becomes immediately and overwhelmingly evident, especially as it will be noted that I ask no refund on the money I spent on the purchase of the original broom. Further, the saving in wear and tear on the delicate apparatus said to have been recently acquired by the city must in itself be considerable.

Respectfully yours,
C. R. GILDART

Christian Science Lesson Discusses Probation After Death

Spiritual understanding brings freedom from the fear of death, declares the Sunday lesson-sermon on "Probation After Death" in all Christian Science churches.

The golden text is from Isaiah 9:2, "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

In John's Gospel (8:12) Jesus declares, "I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life." "The universal belief in death is of no advantage," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." She says, "It cannot make Life or Truth apparent. Death will be found at length to be a mortal dream, which comes in darkness and disappears with the light." "Universal salvation rests on progression and probation, and is unattainable without them." (pp. 42, 291.)

THE ANNUAL COMMUNITY CHEST DRIVE is now in its second week and many Ranch residents have already been contacted for their donations. A group recently met at the home of Mr. and Mrs. John Senour, 3685 Cartwright, to discuss ways and means of reaching the 100 per cent mark. Pictured (left to right) are: Mrs. David Zinsmeyer and small daughter, Diane; Mrs. Senour, Mrs. Harold Zook, Mrs. Don Wilson, Mrs. William Lansill and Mrs. John McKenna.

Field Carnival is Saturday—Step Up and Catch a Fish, You Get a Bowl to Put It In

"Hubbah, Hubbah, Hubbah! Step right up, join the fun!" To the right, we have the Fun House—it's a riot! Get into that Cake Walk; try your luck at fishing, old boy—and show Junior how you can catch a gold fish even if that 20-pounder did get away last summer; here you get the fish AND a bowl to put it in; you look hungry, lady—so, how about a "Yummy" taco! Step right up.

It's the Field PTA "Carnival Capers," of course—opening on the school grounds this Saturday at 2 p.m. and lasting until 9 p.m.

This year 27 booths will attract the crowds of children and adults—booths which will interest all ages; games of skill, sale booths of white elephants, ceramics, from miniatures to larger planters; soft

drinks, hot dogs, and the ever-popular "Cascarones" (egg shells filled with confetti), etc., etc.

There will be movies in the cafeteria in the afternoon, and there, during the dinner hour, an Italian dinner will be served cafeteria style. Cake, pie, and salads also will be sold in the booths on the grounds for those desiring to eat there.

During the carnival, too, there will be guessing contests, one for adults with a prize of a ham, and the other for children in which the lucky child will win a parakeet.

Mr. and Mrs. Alton Peterson are chairmen of this largest of all school activities during the year—an event to which all mothers and fathers of the students contribute many hours of hard work—the fathers in building the booths, and the mothers in arranging and working in them. This year the decorations are being done by the Cub Scout Dens of the school.

BEACH VACATION

Mr. and Mrs. J. Thornton McCarthy with their son Randall, of 3805 Mayfair Dr., recently spent an enjoyable 10-day vacation at Laguna Beach.

New Wren Officers Take Over Duties

New executives of the Ranch Wrens presided at a meeting of the club recently at the home of Mrs. Robert Brumfield, 3600 Greenhill Rd. Officers for this year will be: president, Mrs. Ray Lindman; vice-president, Mrs. Vern Harding; treasurer, Mrs. John Atkinson, and secretary, Mrs. Robert Brumfield.

The election of the new board of the Ranch Wrens was held at the club's first Fall meeting in September, at the home of Mrs. Kenneth Kahler, 3830 Shadow Grove Rd.

Ranch Residents Attend State Bar Convention

The California State Bar association recently had its annual convention at Monterey, Calif.

Among those attending from the Ranch were Mr. and Mrs. Robert Fainer, Mr. and Mrs. William P. Hogoboom, Mr. and Mrs. Joseph H. Cummins, Mr. and Mrs. Robert L. Ordlin, Mr. and Mrs. James O. White Jr., Mr. and Mrs. Gordon K. Wright, Mr. and Mrs. John J. Balluff, and Mr. and Mrs. J. Robert Me-serve.

Judging from all reports, everyone had a marvelous time. Mr. Cummins seemed to emerge as the local "star" on the golf courses.

Red Feather Drive Underway in Ranch

No doubt some of the Ranch residents have been contacted by their Community Chest representatives. The annual Red Feather drive was officially opened last Monday. Individual workers were trained in groups of 10 by their section leaders before going out into the field.

It is earnestly hoped that our Ranch residents will cooperate with the volunteer Red Feather workers by giving some sort of donation at their door and by asking that their donations given through employers be designated for the Pasadena-Alhambra area.

Among those calling will be Mrs. T. H. Allison, Mrs. H. J. Farnsworth, Mrs. Robert I. Fleming, Mrs. George Baughman, Mrs. Ray B. Anderson, Mrs. R. C. Fagel, Mrs. R. E. Bachtel, Mrs. R. A. Gingrich, and Mrs. John M. Blumer.

Surprise Party Given For Rim Road Couple

Mr. and Mrs. Jennings David gave a surprise farewell party recently in their home at 585 Rim Rd. for the William R. Kelleys who are leaving their home at 625 Rim Rd. soon for their new one in Sierra Madre Villa Heights.

The guests were neighbors of the departing couple, a group which has had many social gatherings together during the time of their residence on Rim Rd., and each brought a small comical gift for the Kelleys' new home. Dancing and a buffet dinner completed the gay neighborhood party.

The couples who attended included Messrs. and Meses. Harlan Davis, Ogden Boden, Harold Sweet, Lee Henry, Joseph Cummins, Mason Sanders, and Sam Worthington.

Las Veinte Vacinas Meets at Mrs. Gault's

Mrs. Richard Gault was hostess to members of Las Veinte Vacinas recently in her home at 3520 Landfair Rd. It was the first Fall meeting of the club and included a discussion of plans for their future meetings of the year as well as for social gatherings to which the members' husbands will be invited. The first of these will be a Halloween party for the couples.

Wear a Red Feather proudly!

Shower for Mrs. Doty Given by Neighbors

Mrs. R. A. Holman and Mrs. Henry A. Curwen were co-hostesses recently in the Curwen's home at 3495 Landfair Rd. at a baby shower for Mrs. Walter Doty. Their guests for the party were members of Las Veinte Vacinas, a social club of 20 ladies of the ranch.

Most-liked low-priced car

... among people who want more for their money when they buy ... and more money when they sell!

There's a big reason why more folks are buying more Fords than ever before. No other low-priced car offers so many of the things people want and need for today's driving. In fact, to get such "Worth More" Ford features as a V-8 engine, completely automatic transmission and fine-car power steering in any other car, you'd have to step well up from the low-price field.

Of course, Ford owners will discover that Ford's worth more when they sell it, too. Surveys of used car prices show year-old Fords returning a higher proportion of their original cost than any other car.

because it's most like high-priced cars

... more and more people are considering Ford as the one fine car in the low-price field!

It's hard to believe that a car which is built like the finest still sells in the low-price field. Yet a Ford with its huiltight Crestmark body, its Full-Circle Visibility (most in its field), its new fine car ride and roomy luggage locker (roomiest in its field) delivers at a figure that keeps it right down in its price class.

Ford's the only low-priced car which offers you a choice of a completely automatic transmission (Fordomatic), Overdrive or Conven-

tional Drive. And Ford Master-Guide, available on all V-8 models, is the last word in power steering ... makes turning up to 75% easier, yet retains the natural feel of the wheel on the straightaway.

See ... Value Check ... Test Drive the Ford of your choice at your Ford Dealer's. Find out why Ford is America's "Worth More" car.

FORD

Ford's V-8 is the same type of engine powering America's finest (and costliest) cars. And Ford's Mileage Maker Six is the most modern Six in the industry.

Field School Parents Enjoy PTA Meeting

"Opportunities to Learn of New Techniques and Materials in the School Program" was the interesting subject presented by Miss Dorothy Swartzel, coordinator of Elementary Education in Pasadena, at the Oct. 14th meeting of the Eugene Field PTA. Field PTA Mothers presented three numbers after which refreshments were served by Mmes. Edward J. Barnes and R. E. Lockard, room mothers for Mr. Garrison's room, and Mmes. John Zeman and Martin McMahon, room mothers for Mrs. Searles' room.

Field children have been urged to bring all of their broken toys to school from 8 a.m. to 1 p.m. on Oct. 23 for the Toy Loan Library. Toys are wanted, regardless of condition, since facilities are available for repairing them. The library will open on Nov. 10 at the Boys and Girls Aid society, 760 Mountain View, Altadena.

Burch Family Enjoys Colorado Vacation

Mr. and Mrs. Phillip H. Burch and their twins, Patricia and Michael, of 3794 Mayfair Dr., recently returned from a two-week vacation in Colorado, where they visited Mrs. Burch's parents, Mr. and Mrs. Ed Bauman, in Manzanola. This town, southwest of Colorado Springs and situated in the scenic Rocky Mountains, commands a beautiful view of Pike's Peak. Mrs. Burch who was born and grew up there, says: "Perhaps that is why I feel so much at home in the Ranch where we can look up at the beautiful mountains above us here."

Cason home, 462 Manzanita. Lanternman will report on his first legislative year and his views of the new administration under Governor Goodwin J. Knight.

The meeting is open to the public. New auto bumper strips advertising the Young Republicans will be available at the meeting.

Country Carnival Scores Hit with 1700 Customers

The City school Parent-Teacher association expects to net approximately \$1000 from its County Carnival last Saturday which was attended by more than 1700 adults and children.

A full report on the financial gain will be made by Mrs. Roland Rountree, chairman, at the next PTA meeting scheduled for Nov. 19. While the gross take was not as great as that of last year's carnival it is expected that the net will be as large or larger in view of lowered expenses.

Virtually all the booths reported a complete sell-out. In fact, mid-way in the carnival committee members had to set off on a speedy shopping sortie to replenish some merchandise and prizes. A few articles, such as Christmas stockings and cocktail aprons, left over from the bazaar booth which cleared \$123 even so, will be sold at the November PTA meeting.

New features which scored a hit with the carnival-goers were the shave-a-balloon booth, the duck pond and the master of ceremonies, William Maloney, who kept up a rapid-fire line of chatter, candid comments and merchant advertising over the public address system.

Mayor Attends City's Picnic For Bandsmen

Members of the Sierra Madre Concert band and their families took time off Sunday afternoon from music-making, yard work and weekend household chores to be guests of the City at a picnic at Santa Anita park. Eighty-five attended, including Mayor Henry F. Korsemeier, who had returned from Cleveland the night before, and Mrs. Korsemeier.

There were no games, no speeches — and reports have it that the only "music" rendered was the chomping of 200 hot dogs and ice-cream bars with a conversational obligato. Among others attending, in addition to the band-member guests of honor, were City Recreation Committee Chairman Ralph M. Welch, Mrs. Welch, Mrs. Elmer Smith, instrumental and vocal teacher at City school, Mr. Smith, Stanley Coutant, Band committee chairman, Mrs. Coutant, City Recreation Director Philip T. Mitchell, and Al Masters, member of the Recreation committee.

The next concert by the band is scheduled for Nov. 13 in the Sierra Madre school auditorium with Roger Gray directing.

The wise sometimes condescend to accept titles; but none but a fool would imagine them of any real importance. We ought to depend upon intrinsic merit, and not on the slender helps of a title. — Goldsmith.

LOCAL VFW NAMED HERO OF L.A. FIRE

In a daily newspaper account of a \$300,000 fire at a downtown Los Angeles truck terminal recently George Robbins, a member of Sierra Madre's Harry L. Embree Post No. 3208, Veterans of Foreign Wars, was described as "hero of the blaze."

Robbins, who operates a restaurant at 1919 Sacramento, next door to the fire, spotted the blaze, spread the alarm then helped employees of one of the

freight lines drive their rigs out of danger. He helped save 10 large trucking vans, one of which was scorched as he drove it through the flames.

Judge John C. Mead of Sierra Madre says that it was from Robbins that he rented a truck occasionally during the swimming pool fund newspaper drive earlier this year.
